## *A Message From the President*

Congratulations to the Kent State University Class of 2024.

You did it!

You have persevered to the finish and achieved your academic degree. I am sure there were times when you faced challenges and hardships, but your hard work and dedication saw you through to this great accomplishment.

I hope you are leaving Kent State with many fond memories of the people, places and learning that made your educational journey rich and full.

As you go out into the world, always remember that **Flashes Take Care of Flashes**. Always maintain our Flashes caring spirit, treating others with kindness and respect at every turn of your life's journey.

On behalf of the entire Kent State community, I again extend our heartfelt congratulations to our graduates and your families. This is a time to celebrate the realization of your dream. You have earned it!

Please know that the entire campus community is proud of you and continues to cheer for you on your future beyond Kent State. We can't wait to see how you are going to change the world.

Flashes Forever!

Sincerely,

A handwritten signature in black ink that reads "Todd A. Diacon".

Todd A. Diacon, Ph.D.  
President

Kent State University awards the honorary degree to persons “who have clearly and unmistakably demonstrated achievement in a field of endeavor, and have contributed to the advancement of the university, or whose contributions are so significant that the benefits are recognized and acknowledged on a state, national or international level.”

John and Fonda Elliot have devoted their lives and careers to making a difference in their communities. John Elliot earned his bachelor of science in architecture from Kent State University in 1970. He also holds degrees from the West Virginia University Institute of Technology and the University of Charleston. Fonda Elliot attended Kent State University from 1965-1968, and earned degrees from the West Virginia University Institute of Technology and the University of Charleston.

Following graduation from Kent State, John Elliot opened his own architectural firm, designing nursing homes for his clients. In 1982, after finding a great need for nursing home services in West Virginia, the Elliots established American Medical Facilities Management, LLC (AMFM), a skilled nursing, rehabilitation and long-term care services company, which provided high-quality care in West Virginia for more than 40 years. Fonda, a certified nurse, was instrumental in developing the standards that built AMFM's reputation as a leader in quality care in West Virginia. When they sold AMFM in 2023, it was the state's largest locally owned nursing home provider, employing more than 1,700 people at 19 facilities.

The Elliots also have been generous with their time and expertise as well, volunteering in their West Virginia community. Fonda Elliot is currently serving on the University of Charleston Board of Trustees. In 2013, she received the Women of Achievement Award from YWCA Charleston for her transformational leadership and impact across West Virginia. John Elliot has held roles with the West Virginia Health Care Association and the American Health Care Association, serving as president and secretary, respectively. He is also a longtime member and past chair of the Kent State University Foundation Board of Directors.

Their contributions to Kent State are varied, significant and transformational. They have established The Elliot Family Foundation Architectural Scholarship, The Elliot Scholars, the John and Fonda Elliot Family Student Travel Fund, The John and Fonda Elliot Endowed Visiting Professorship in the College of Architecture and Environmental Design, The John and Fonda Elliot Designer in Residence and The John and Fonda Elliot Design Innovation Fellows. To date, more than 115 students have received Elliot Scholarships, and more than 84 Design Innovation Fellows have received collaborative learning experiences.

In 2013, they established The Elliot Program for Healthcare Design and The Elliot Professorship in Healthcare Design at Kent State. Both programs attract and retain high-caliber students and faculty who are shaping their communities through design. They also have made significant contributions to the Kent State Emergency Fund and the Global Education Endowment. In recognition of their tremendous generosity and commitment to Kent State University, The John Elliot Center for Architecture and Environmental Design building was dedicated on April 11, 2019.

The Elliots are leaders in healthcare and education, and their work will continue to impact generations to come at Kent State University and in the many communities they serve.

### **PHI BETA KAPPA**

Phi Beta Kappa, the nation's most prestigious honor society, was founded in 1776 by students at the College of William & Mary who recognized the importance of a liberal education as the foundation of participation in a democratic society. Phi Beta Kappa recognizes students who have achieved excellence in all aspects of their education, and who have a strong background in the liberal arts and sciences, mathematics and a foreign language. Fewer than 1% of students across the nation are elected to Phi Beta Kappa annually. The Kent State University chapter was established in 1976, and each year the Phi Beta Kappa faculty members elect juniors and seniors who have met the high standards of excellence of the society.

Membership degree candidates include:

Christopher Michael Gruska Jr.

Erin Elizabeth Hawkins

Sara Xia House

Gavin Andrew Hulvey

## Academic Attire

Identification of the hood and robe as academic apparel is believed to have originated at the English universities of Oxford and Cambridge during the 12th and 13th centuries. The hoods are a carryover from the times when monks, who operated those universities, wore them to protect their shaved heads in winter. The robe is an adaptation of the shoulder cape also worn by those same monks while collecting alms.

Use of the academic robe came to the United States in 1754, with the founding of what is now Columbia University. In 1895, a commission of university officials adopted a universal code

of design and color for the academic garb. This code has undergone several revisions in subsequent years, with most recent modifications accepted in 1960.

Styling of the robes varies for the bachelor's, master's and doctoral degrees. The width of sleeve borders and length of the hood increase with each advanced degree.

In the hoods, the color of the velvet border indicates the type of degree held, while the lining designates the official colors of the institution granting it.

## *The Mace*

The mace carried by the macebearer in the academic processional symbolizes authority. The macebearer carries a mace created and crafted by alumnus Michael V. Jaszczak, '98. Jaszczak created the mace based upon the input of a committee charged with the task of bringing forth a new design utilizing the resources and wealth of talent available in Kent State's School of Art.

The central motif of the university seal retains the sun of the state seal, signifying state ownership, and is symbolic of the light of knowledge and wisdom. The shield suggests the geographic shape of Ohio. The bird, which symbolizes leadership, is the chimney swift, a species that colonizes on campus and seems to be in constant flight. The university colors of blue and gold are incorporated in the enameled piece, which is set on top of a walnut pole. The mace rests in a walnut stand crafted by David Dalton, Ph.D., who taught for many years in the College of Education, Health and Human Services.

## *The President's Medallion*

The president's medallion symbolizes the responsibility in the Office of the President. Its central motif is the university seal, which retains the sun of the state seal, signifying state ownership, and is symbolic of the light of knowledge and wisdom. The shield suggests the geographic shape of Ohio. The bird, which symbolizes leadership, is the chimney swift.

## *The Victory Bell*

The original Victory Bell at Kent State, erected in the 1950s with the help of Alpha Phi Omega, symbolized campus pride and unity. Later, a mobile version called "Victory Bell II" was created. After years of dormancy, Kent State alumni Buzz, '67, and Marilyn, '71, Starner revived the tradition, dedicating a new bell in 2011, originally from a church tower. It's rung after athletic wins and at graduation, symbolizing academic victory.

## ABOUT KENT STATE UNIVERSITY

Kent State University is one of the largest university systems in the nation, yet one of the closest families in the world. We embrace diversity and the culture it creates – promoting visionary ideas and bold thinking. From this environment, our students draw strength and support to stand for what matters and to take meaningful action for change.

More than 100 years after William S. Kent donated his valuable farmland so the state could build a teacher-training school for the area, Kent State is one of Ohio's leading public universities and a major educational, economic and cultural resource far beyond the Northeast Ohio region it has served since its founding as the Kent State Normal School in 1910.

Today, as it plays a leading role in 21<sup>st</sup> century education, Kent State holds the esteemed distinction of being one of only five institutions in Ohio to be recognized as an R1 top-tier research university by the Carnegie Classification of Institutions of Higher Education. Kent State is the highest-ranked public university in northern Ohio on the Top Public Schools and Best National Universities lists by *U.S. News & World Report*.

With eight campuses spanning Northeast Ohio, a College of Podiatric Medicine, the Twinsburg Academic Center and academic sites in locations around the globe – such as New York City; Florence, Italy; and Curitiba, Brazil – Kent State illuminates the way as a world-class institution. Its programs and partnerships boldly expand the boundaries of knowledge for faculty engaged in research and collaboration, and for students receiving life-changing experiences in experiential and education-abroad programs.

The student body comprises more than 34,000 students, including more than 2,200 international students from 102 countries. The university earns worldwide recognition for its optimum balance of more than 390 undergraduate programs of study and more than 270 graduate programs of study.

The addition of new teaching and learning environments, from the sciences to the arts, and the development of exciting new academic programs characterize Kent State's focus on transformational educational experiences. The university is accelerating its strategic investment in established areas of research expertise, including environmental science, population health, global understanding and materials sciences. Building upon its historic

and foundational research in liquid crystals, Kent State's Advanced Materials and Liquid Crystal Institute embraces a leading international role in advanced materials and soft matter science and innovation.

Kent State recognizes its place in history with the May 4 Visitors Center and annual May 4 Commemoration, which pay homage to the seminal events of May 4, 1970, on the university's Kent Campus. The center and annual observances honor those who lost their lives, those who were wounded and those who survived.

World-renowned, nationally ranked and regionally vital, Kent State proudly serves higher education and the world with graduates who are finding their purpose and making a difference with their contributions.

While some people measure both history and success by tangibles, a Kent State professor emeritus suggests considering timeless intangibles that “can be measured by the lump in your throat ... by walking tall.” On a sun-drenched July day in 1914, Kent State's first graduation class of 34 members walked tall. They led the way for the many hundreds of thousands of Kent State alumni who live and work around the world. Proudly joining their ranks are today's newest members of the Kent State family on this glorious day of celebration.

## *Hail to Thee, Our Alma Mater*

Words by E. Turner Stump | Music by Dwight Steere

*From the beauty land Ohio comes a universal praise,  
'Tis the song of Alma Mater that her sons and daughters raise,  
'Tis a Hail to Kent forever,  
on the Cuyahoga shore,  
Now we join the loving thousands as they sing it o'er and o'er.*

*Hail to Thee, our Alma Mater  
O, how beautiful thou art,  
High enthroned upon the hilltop,  
Reigning over ev-ry heart.*
