A Message From the President

Congratulations to the Kent State University Class of 2023.

You did it!

You have persevered to the finish and achieved your academic degree. I am sure there were times when you faced challenges and hardships, but your hard work and dedication saw you through to this great accomplishment.

I hope you are leaving Kent State with many fond memories of the people, places and learning that made your educational journey rich and full.

As you go out into the world, always remember that Flashes Take Care of Flashes. Always maintain our Flashes caring spirit, treating others with kindness and respect at every turn of your life's journey.

On behalf of the entire Kent State community, I again extend our heartfelt congratulations to our graduates and your families. This is a time to celebrate the realization of your dream. You have earned it!

Please know that the entire campus community is proud of you and continues to cheer for you on your future beyond Kent State. We can't wait to see how you are going to change the world.

Flashes Forever!

Sincerely,

Todd A. Diacon, Ph.D.
President

Podiatric Physician's Oath

I do solemnly swear, on my honor, to those who have taught me, and by all things that I hold sacred, that as a practitioner of Podiatric Medicine, I shall abide by the following precepts:

I shall, above all, hold paramount the welfare of my patient, regardless of fee or favor, and I shall neither prescribe nor give any treatment or drug which will be detrimental to his well-being.

I shall endeavor to uphold the dignity of the professional way of life, the aims of which are to render public service.

I shall cherish those who have taught me, holding high their principles and precepts, and I pledge that I shall do everything that I am able to do to promote and to protect the profession of Podiatric Medicine and to aid my fellow practitioners.

In swearing to this oath, I hereby dedicate myself in service to the health of humanity, and I hold as my goal the relief of pain and suffering. If I keep this oath, may I receive guidance in the practice of my art, and may I enjoy my life in the respect of all individuals.

Academic Attire

Identification of the hood and robe as academic apparel is believed to have originated at the English universities of Oxford and Cambridge during the 12th and 13th centuries. The hoods are a carry-over from the times when monks, who operated those universities, wore them to protect their shaved heads in winter. The robe is an adaptation of the shoulder cape also worn by those same monks while collecting alms.

Use of the academic robe came to the United States in 1754, with the founding of what is now Columbia University. In 1895, a commission of university officials adopted a universal code

of design and color for the academic garb. This code has undergone several revisions in subsequent years, with most recent modifications accepted in 1960.

Styling of the robes varies for the bachelor's, master's and doctoral degrees. The width of sleeve borders and length of the hood increase with each advanced degree.

In the hoods, the color of the velvet border indicates the type of degree held, while the lining designates the official colors of the institution granting it.

A distinguishing color table for academic attire:

The Mace

The mace carried by the macebearer in the academic processional symbolizes authority. The macebearer carries a mace created and crafted by alumnus Michael V. Jaszczak, '98. Mr. Jaszczak created the mace based upon the input of a committee charged with the task of bringing forth a new design utilizing the resources and wealth of talent available in Kent State's School of Art.

The central motif of the university seal retains the sun of the state seal, signifying state ownership and is symbolic of the light of knowledge and wisdom. The shield suggests the geographic shape of Ohio. The bird, which symbolizes leadership, is the chimney swift, a species that colonizes on campus and seems to be in constant flight. The university colors of blue and gold are incorporated in the enameled piece, which is set on top of a walnut pole. The mace rests in a walnut stand crafted by David Dalton, Ph.D., who taught for many years in the College of Education, Health and Human Services.

The Gonfalons

Gonfalons are long ceremonial flags or banners suspended from a crossbar. The use of ceremonial banners dates back to the 1500s. Italian towns, for example, each have a gonfalon, which is the official emblem of the town, showing its coat of arms.

Each of the college gonfalons is emblazoned with the Kent State seal on an academic color of one of the college's disciplines, established by academic protocol.

The President's Medallion

The President's Medallion symbolizes the responsibility in the Office of the President. Its central motif is the university seal, which retains the sun of the state seal, signifying state ownership and is symbolic of the light of knowledge and wisdom. The shield suggests the geographic shape of Ohio. The bird, which symbolizes leadership, is the chimney swift.

ABOUT KENT STATE UNIVERSITY

Kent State University is one of the largest university systems in the nation, yet one of the closest families in the world. We embrace diversity and the culture it creates – promoting visionary ideas and bold thinking. From this environment, our students draw strength and support to stand for what matters and to take meaningful action for change.

More than 100 years after William S. Kent donated his valuable farmland so the state could build a teacher-training school for the area, Kent State is one of Ohio's leading public universities and a major educational, economic and cultural resource far beyond the Northeast Ohio region it has served since its founding as Kent State Normal School in 1910.

Today, as it plays a leading role in 21st century education, Kent State holds the esteemed distinction of being one of only five institutions in Ohio to be recognized as an R1 top-tier research university by the Carnegie Classification of Institutions of Higher Education. Kent State is the highest-ranked public university in northern Ohio on the Top Public Schools and Best National Universities lists by *U.S. News & World Report*.

With eight campuses spanning Northeast Ohio, a College of Podiatric Medicine, the Twinsburg Academic Center and academic sites in locations around the globe – such as New York City; Florence, Italy; and Curitiba, Brazil, Kent State illuminates the way as a world-class institution. Its programs and partnerships boldly expand the boundaries of knowledge for faculty engaged in research and collaboration, and for students receiving life-changing experiences in experiential and study-away programs.

The student body comprises more than 33,000 students, including about 1,650 international students from nearly 100 countries. The university earns worldwide recognition for its optimum balance of nearly 375 undergraduate programs of study and 220 graduate programs of study.

The addition of new teaching and learning environments, from the sciences to the arts, and the development of exciting new academic programs characterize Kent State's focus on transformational educational experiences. The university is accelerating its strategic investment in established areas of research expertise, including environmental science, population health, global understanding and materials sciences. Building upon its historic and foundational research in liquid crystals, Kent State's

Advanced Materials and Liquid Crystal Institute embraces a leading international role in advanced materials and soft matter science and innovation.

Kent State recognizes its place in history with the May 4 Visitors Center and annual May 4 Commemoration, which pay homage to the seminal events of May 4, 1970, on the university's Kent Campus. The center and annual observances honor those who lost their lives, those who were wounded and those who survived.

World-renowned, nationally ranked and regionally vital, Kent State proudly serves higher education and the world with graduates who are finding their purpose and making a difference with their contributions.

While some people measure both history and success by tangibles, a Kent State professor emeritus suggests considering timeless intangibles that “can be measured by the lump in your throat ... by walking tall.” On a sun-drenched July day in 1914, Kent State's first graduation class of 34 members walked tall. They led the way for the many hundreds of thousands of Kent State alumni who live and work around the world. Proudly joining their ranks are today's newest members of the Kent State family on this glorious day of celebration.

Hail to Thee, Our Alma Mater

Words by E. Turner Stump | Music by Dwight Steere

*From the beauty land Ohio comes a universal praise,
'Tis the song of Alma Mater that her sons and daughters raise,
'Tis a Hail to Kent forever,
on the Cuyahoga shore,
Now we join the loving thousands as they sing it o'er and o'er.*

*Hail to Thee, our Alma Mater
O, how beautiful thou art,
High enthroned upon the hilltop,
Reigning over ev-ry heart.*
